

GILDAN[®]

A photograph of a family of three sitting outdoors in front of a dense green tree background. A woman with long blonde hair is on the left, wearing a red t-shirt. A young boy with curly blonde hair is in the center foreground, wearing a green t-shirt and red shorts, sitting cross-legged. A man with a beard and short dark hair is on the right, wearing a pinkish-red t-shirt. They are all smiling at the camera.

STYLE & COLOR GUIDE | USA 2025

BUY SMART. LOOK SMART.

At Gildan®, we're all about helping you make the smart move by providing dependable, quality printwear at great prices. The kind of product that raises eyebrows and IQ's.

How do we achieve this?

Our vertically integrated manufacturing model allows us to oversee nearly every aspect of production. It starts with the raw materials we source, like the U.S. cotton we proudly buy, which supports the American cotton farmers, and ends with loading your order of shirts onto the delivery truck. This ensures the greatest possible consistency, so you can count on a small Gildan® 5000 to fit consistently.

Our mission to make you look smart doesn't stop there. We're constantly innovating to enhance our products, with our new Soft Cotton technology that makes for softer and durable styles.

And if choice is what you need, we've got you covered. From 100% U.S. cotton to 100% polyester, performance wear to polos, and semi-fitted to classic fits, we have the ideal option for any decorating technique.

From garments that look stylish on you or on paper, Gildan® has you covered.

Gildan®. Just Smart.

Celebrating 20 years of Sustainable Manufacturing

Since the early 2000s, we have been early adopters of responsible apparel manufacturing, committed to respecting and protecting human rights, managing resources efficiently, and fostering positive development in our communities.

Gildan® is a brand owned by Gildan Activewear Inc. All statements and claims refer to Gildan Activewear Inc. and its operations as a whole.

FOR MORE DETAILS ON
OUR ESG PRACTICES
AND INITIATIVES

RESPECT FOR THE ENVIRONMENT

We understand the importance of protecting our future, that is why we are reducing our reliance on fossil fuels, and reducing water intensity and optimizing our operations:

- Goal to reduce both our direct and indirect greenhouse gas emissions.*
- Goal to reduce our water intensity by 20% by 2030 (compared to a 2018 base year).

RESPECT FOR CIRCULARITY

We are committed to minimizing our impact on the planet, which is why we strive for more circularity, responsible consumption and production patterns.

- Goals to source more sustainable textile fibers and yarns, such as sustainable/certified cotton and recycled polyester.
- Increasing use of recycled and sustainable packaging.
- Reducing manufacturing waste to landfills.

RESPECT FOR PEOPLE

As we continue to work closely with our employees, we take pride in fostering a safe and empowering workplace.

- Achieve gender parity for the collective group of employees representing director-level and above positions by 2027.°
- Implementing high health and safety standards.

RESPECT FOR COMMUNITIES

Supporting the regions we work in is part of how we care for our communities and ecosystems.

- Increasing the amount we donate to our communities.
- Continue to encourage employee volunteerism.
- Maintaining a high percentage of local managers hired.

RESPECT FOR TRANSPARENCY

What sets us apart is the vertical integration of our manufacturing operations, giving us strong oversight of our supply chain, which helps us to achieve greater visibility, integrity and ownership.

- Transparently showing you the people behind our apparel.
- Continuously reporting on sustainability progress and targets.

* Our absolute Scope 1 and Scope 2 GHG emissions by 30% by 2030 (compared to a 2018 base year) and our Scope 3 GHG emissions by 13.5% by 2030 (compared to a 2019 base year).

° Based on the International Labour Organization's definition of parity (40 to 60% of either gender).

OUR NUMBERS SPEAK FOR THEMSELVES.

SMART FOR BUSINESS

Running a successful business means always thinking of smart ways to make your customers happy. At Gildan®, we get it, and we're here to help.

We're committed to bringing you high-quality, affordable garments in a range of styles, sizes, colors and fits. So no matter what, you always have the flexibility to find what you need for when you need it. It's why we're always looking for smarter ways to bring you even more value.

This year, in addition to 5 new Gildan styles, and a fresh new Aquatic color, we're also rolling out our innovative new Soft Cotton technology. This special process makes the fabric softer and comfy while still being affordable and durable.

Your business is our business. Which is why we'll never stop finding new ways to help you.

It's not just the right choice, it's the smart choice.

Gildan®. Just Smart.

DECORATOR'S TECHNIQUES

HEAT TRANSFER/DTF

Heat transfer involves combining heat and pressure to transfer images to garments. This is a great option for detailed prints, customization, shorter runs and quick turnaround times.

DIRECT TO GARMENT

Direct to garment printing (DTG) is printing on textiles using inkjet technology which usually utilizes specialized water-based inks. DTG is particularly effective for short runs, full color printing, or for reproducing fine detail.

EMBROIDERY

Embroidery is sewing a design, type or logo onto a garment with special thread. This technique gives garments a higher perceived value and works particularly well on heavier weight garments such as fleece.

SCREEN PRINT

Screen printing (or silk screening) is a technique that uses stencils and ink to create designs on garments. It is the most economical method for producing large quantities that involve cotton or cotton-blend garments.

Special Tips

DTG: The amount of pre-treat used on fabric blends might differ of the amount used on 100% cotton.

SUBLIMATION: Best results on 100% polyester, use it preferably on white or light colors. Use 50% polyester blends or higher for vintage and faded prints. Always check temperature settings to avoid melting of polyester.
